INTERNATIONAL COMMUNITY OF PRACTICE FOR SUSTAINABLE URBAN DEVELOPMENT
BACKGROUND

• Challenges of urbanisation call for innovative solutions
• Variety of solutions already exists, but not widely known
• Lack of systematic access to practice-oriented solutions

Mobilisation of practical experience in sustainable urban development for joint learning and co-creation of knowledge among urban stakeholders around the world
OBJECTIVES

To facilitate worldwide *networking* between urban actors from politics, administration, business, science and civil society

To support a systematic and application-oriented *exchange* of experience on good practices and through peer-to-peer-consultations

To support the development of innovative ideas for urban projects
COMMUNITY OF PRACTICE

Services

Dialogue events and workshops
Project support activities
Expert assignments
Virtual cooperation
Financial advisory service
CONNECTIVE CITIES EVENTS

DIALOGUE EVENT

14-16 October 2014 - Province Gauteng, South Africa
Rethinking Public Service Delivery - Innovative Solutions for Managing and Financing Public Services

PRACTITIONERS’ WORKSHOP

14-17 April 2015 - Kinondoni, Tanzania
From Waste to Resources: Integrated Solid Waste Management in Sub-Saharan Africa

PROJECTS

10-12 October 2017 - Nairobi, Kenya
Strengthening Capacity of Community-based Waste Management in Langata
PROJECT IDEA
Nakuru, Kenya
Population: 473,000

Challenge
Low recycling/recovery rate (~20%)

Objective
Increased resource recovery

Involved actors
- Civil society
- Local authorities
- County assembly
- Development partners
- Private sector
- Ministry of Education
- NGOs

Creation of a waste recovery plan
- Developing a task force with public consultation, supervised by a steering committee, with relevant stakeholders, approved by local authorities

Provision of adequate funding
- Lobbying the county assembly and engaging development partners

Improvement of market access for recycables
- Conducting a market survey for recycables,
  - Building capacities and setting incentives for local companies and residents

Increase awareness among residents
- Conduct public campaigns, design and disseminate info material in cooperation with education partners

Positive side effects
- Extension of landfill lifespan
- Reduced costs for SW operations
- Job creation
- Climate change mitigation
PROJECT IDEA
Metro Cebu
Philippines
Population: 2.475.000

Challenge
Insufficient public transport services

Institutional Transformation
- Public Transport Forum for collaboration
- Inventory of existing routes and facilities
- Capacity development for local transport officers

Spatial Transformation
- Quality of public space around transit stations
- Integrated street planning for multiple uses
- Street greening

Social Transformation
- User-friendly public transport information
- Informations campaigns on BRT benefits
- Awareness raising and education programmes

Infrastructure Transformation
- Safety measures for cyclists and pedestrians
- Design of mobility stations
- Housing development close to transport nodes

Positive side effects
- More balanced spatial development
- Improved quality of public transport
- Reduction of emissions from transport

Objective
Improved Transit oriented development of Metro region

Involved actors
- Metropolitan governments
- Local authorities
- Civil society organisat.
- NEDAL Regional Development Board
- Private sector service providers

NEDA - Regional Development Board
Private sector service providers

Population: 2.475.000
