

# Urban Pathways

## environMENTALISE!

Co-creating safe, friendly and green neighbourhoods

September – October 2019

Supported by:

Federal Ministry for the  
Environment, Nature Conservation,  
Building and Nuclear Safety

based on a decision of the German Bundestag

**UN HABITAT**  
FOR A BETTER URBAN FUTURE

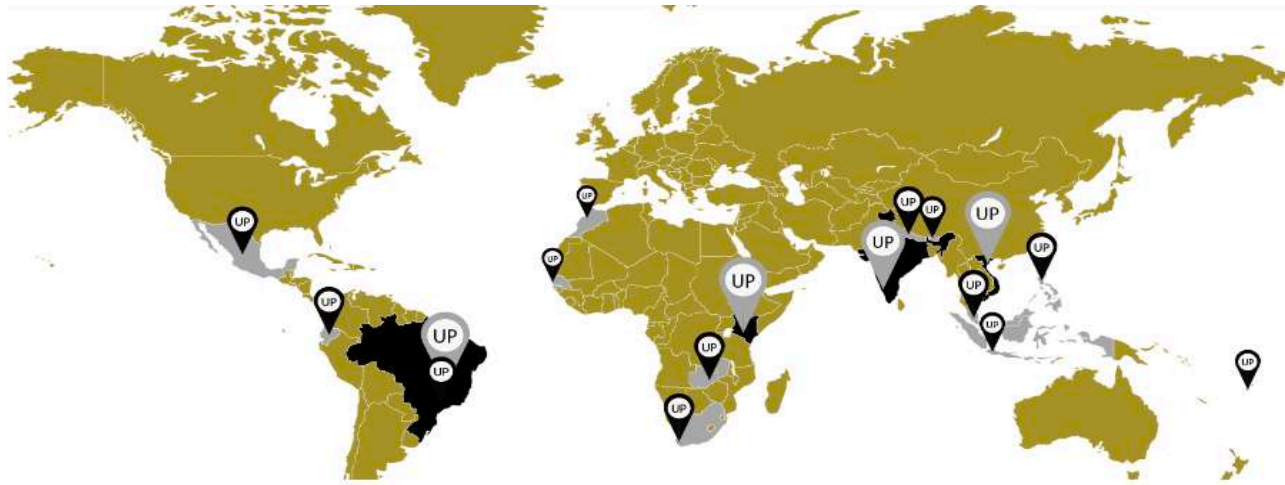

**Wuppertal  
Institut**

**UN**  
environment

**Objective:** Support low carbon plans for urban basic services and contribute to the implementation of the New Urban Agenda, Paris Agreement and the Sustainable Development Goals

**Activities:** Capacity building, assessment at country/city level, city to city partnership, exchange good practices and standards, local implementation concepts

**Sectors:** Mobility, Energy and Resources

**4 pilot + 16 replication cities in Africa, Asia and Latin America**

# On-going initiatives

## At the local level

Zones 30 - Belo Horizonte

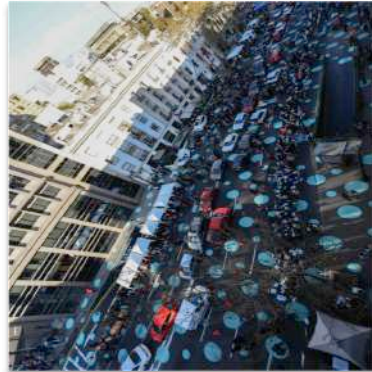

Air Quality Monitoring - Nairobi

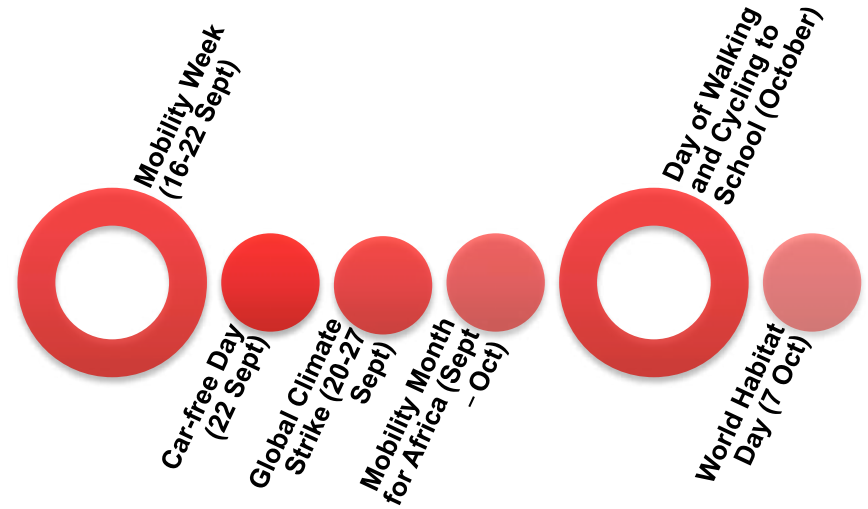

Safe School Environments - CDMX

Shared Streets - Santiago

## At the regional and global level

# Proposed activities

Mobility

**Tactical Urbanism**

**Awareness Raising /  
Community Participation**

**Short-term actions**

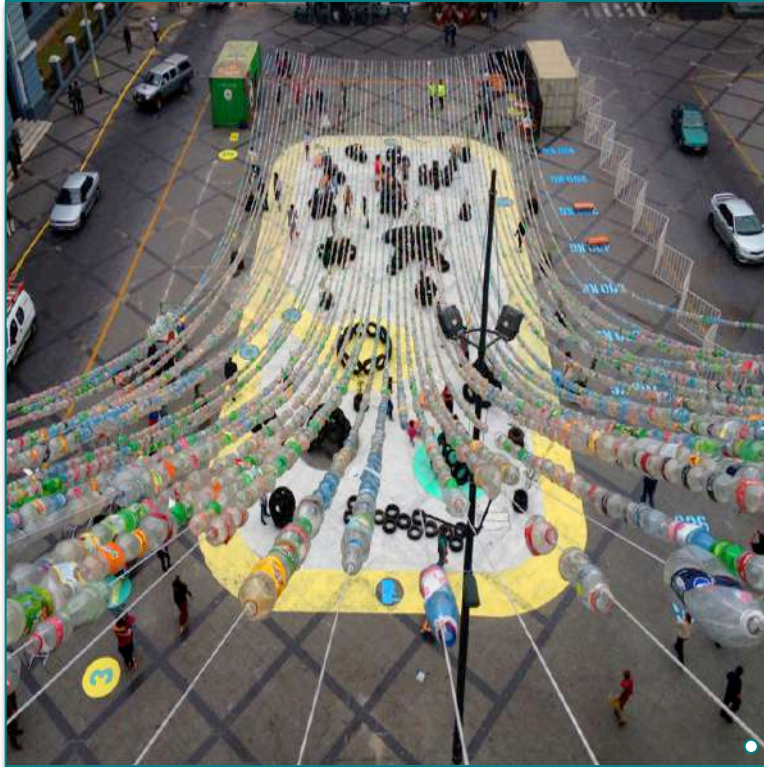

**long-term change**

# Proposed activities

Waste management

Urban  
Pathways

# Local solutions
